SENTINEL SOLUTIONS

THE THEFT PROBLEM*

- Over 27,000 boats are stolen each year in North America. Nearly 10,000 of these vessels are stolen while still in the water.
- 95% of all stolen boats are “package theft” where the boat, motor and trailer are stolen together.

THE SENTINEL SOLUTION

Your unique Silent Sentinel identification number is affixed to the major parts of your boat, deterring thieves from targeting your investment. **SILENT SENTINEL** provides coverage in the event that your boat is a total loss due to theft.

TIPS ON PROTECTING YOUR BOAT...

- ✓ Keep your boat in a secure off-street location
- +
✓ Use trailer locks, wheel clamps and battery security switches that make your boat inoperable in order to deter thieves.
- +
✓ While your vessel is not in use keep it under regular surveillance.
- +
✓ Remove all easily detachable equipment such as the marine radio, GPS & depth sounder from the vessel and store them in a safe place.
