

The Mechanical Auto Warranty's peace of mind motoring doesn't end with repair coverage.

The benefits below are included in your powertrain coverage.

For the last fifty years, we've been there when our customers needed us most.

For true peace of mind, each Mechanical Auto Warranty protection plan is backed by either SAL Marketing Inc., iAP Marketing or Industrial Alliance Pacific General Insurance Corporation, all members of the Industrial Alliance Financial Group.

iA Financial Group's strength is demonstrated in its financial ratings from both A.M. Best and Standard & Poor's.

This is a brochure, intended to outline the potential coverage/services offered and does not consist of a binding policy/contract. See your Policy/Contract for specific details.
