

DON'T SETTLE FOR ORDINARY PROTECTION

Diamond Kote® products have been created to protect your new watercraft from the damaging effects of the widest extremes of climate.

In addition to being committed to the protection of your boat, Diamond Kote® is the leader in research and development of environmentally responsible products and packaging for the aftermarket marine industry in North America.

- Fabric and Leather/Vinyl Protection are water-based formulas.
- Phosphate-free formulations
- Safe to use and safer for our environment

Diamond Kote® Protection Products may be complemented with a warranty indemnified by Industrial Alliance Pacific General Insurance Corporation. Diamond Kote® provides Protection & Security for your boat.

Diamond Kote® is a registered trade mark of WGI Manufacturing Inc.
Diamond Kote® is underwritten by a Federally Licensed Insurance Company.

ADVANCED MARINE
ENVIRONMENTAL
PROTECTION

THERE ARE CERTAIN THINGS YOU SHOULDN'T HAVE TO WORRY ABOUT

EXTERIOR PROTECTION

EXTERIOR PROTECTION AGAINST THE HARMFUL ELEMENTS OF NATURE

DK Exterior Marine Protection bonds to the surface of your boat and protects against a number of environmental hazards that can destroy your boat's finish. Diamond Kote® provides "peace of mind" protection for your marine watercraft.

FABRIC PROTECTION

BE PREPARED AND PROTECTED WITH DIAMOND KOTE® NANO HYBRID FABRIC PROTECTION

Diamond Kote® Nano Hybrid Fabric Protection penetrates deep into the fabric, forming an invisible shield around each and every fibre. This protective coating inhibits penetration of spills such as coffee, tea, milk, soft drinks and food without affecting the fabric's natural texture.

LEATHER/VINYL PROTECTION

PRESERVE THE NATURAL BEAUTY OF YOUR BOAT'S INTERIOR

Diamond Kote® Leather/Vinyl Protection is a unique, natural, semi-permeable water-based formula that protects interior leather and vinyl preventing most stains from penetrating allowing for quick and easy clean up. This unique chemistry allows the leather to breathe naturally and maintain the necessary natural moisture balance to ensure a smooth, supple finish for a long time.
